FARMERS ATTEND HOG SERUM CASE

Large Crowd Attracted by Trial of Charge Against Ralph Miles in Circuit Court

NO JURY UNTIL 11 O'CLOCK

Oakley Sampson is Acquitted of Speeding by Jury—Out About Two Hours

Many farmers were attracted to the circuit court room today to hear testimony in the case of the state against Ralph Miles of Raleigh, accused of practicing veterinary medicine and surgery without a license. The question of whether a man other than a licensed veterinary shall have the right to vaccinate hogs is at the basis of the case.

One other similar case is pending in court, that of the state against Fred McFatridge. Both affidavits were filed in a justice of the peace's court by the state board of veterinary examiners and taken to the circuit court.

The jury was not selected until eleven o'clock and the first and only witness for the state was O. M. Harton. Dr. A. P. Spivey, a licensed veterinrian who is connected with the hog cholera serum firm which Mr. Miles represents in this county, went on the stand before the noon intermission and continued his testimony after the noon hour. The defense went extensively into the manufacture of serum in an endeavor to prove that the greatest precautions were taken by this particular firm to produce pure serum.

The case was expected to reach the jury late today. John A. Titsworth assisted Prosecutor Stevens and the defense was represented by T. M. Green, Douglas Morris and S. L. Trabue.

The case of the state against R. W. Noyer, charged with operating an automobile with a license issued by some state other than Indiana, comes to trial tomorrow. Mr. Noyer was fined in mayor's court and appealed. Another state case, the one against Bert Ormes for speeding, will be heard Friday. His case was sent to the circuit court from a lower court.

A jury was not obtained in the Miles case until eleven o'clock. The special venire of fifteen requested by the defense was exhausted and several other talesmen were used before the jury was finally accepted by both sides. In the jury as finally selected were three members of the regular panel.

The jury which heard the case was as follows: Cassius Gray, John Osborn, Joe Stevens, Walter Binford, John A. Jones, Claud Sliger, Alonzo Dalrymple, W. S. Mercer, Thomas W. Logan, George B. Clark, Charles B. Kenner and John M. Bever.

The jury in the case of the state against Oakley Sampson of Arlington, was out two hours before it acquitted Sampson, returning a verdict about five o'clock yesterday. Sampson was fined by Mayor Bebout and appealed to the circuit court.

FORMER OFFICIAL INSANE

J. P. Bales has made application for admission for his son Charles B. Bales, former deputy county auditor and democratic candidate for county auditor in the last campaign, to be admitted to the Southeastern Indiana Hospital for the Insane at Madison. Mr Bales took three weeks treatment at a private institution at Oxford, O., but was not benefited much. It is set out in the application that he was scalded on the back when three years of age. Mr. Bales many friends here will regret to hear of his illness.

A marriage license was issued today to Miss Ozella M. Clifton and Charles D. Hires.

WILL BUY LIGHTS TO GUIDE AVIATORS

Council Contracts For Signals to Mark South Boundary of Student Airmen's Route

TO DEAL WITH VIOLATORS

Council Will Not Tolerate Consumers Turning on Service When Turned Off.

The city council last night voted to buy signal lights to guide student aviators on trial flights between Wright field near Fairfield, Ohio and Chanut field near Rantoul, Ill.

Mayor Bebout and members of the city council, together with two Rushville marchants were in Indianapolis a few weeks ago to see a demonstration of the proposed signal lights and it was impressed upon them the lights should be installed as a war measure. It was stated then by city officials that the lights would probably be purchased because it was the duty of the city government to bear its share of the burdens created by the war with Germany.

Rushville is not on the direct air route, which follows the National road, but is along a line which marks the southern boundary of the area over which the aviators may travel. The signal lights are supposed to burn continually all night to act as a beacon for aviators who may stray from the path.

The lights on the southern boundary are to be red and those on the northern boundary green. By this means the aviator can determine his location with respect to the center of the air route.

The frame and lights, two of them of 110 volts each, will cost $68, according to the contract signed by the city last night with the Sanborn Electric company of Indianapolis. This is less than the figures quoted when the city officials attended the demonstration at the Speedway. The city will have to bear the expenses of installation, which will not be much, and will have to provide the current for the lights, but this expense as well will be very small.

The city council made it plain last night that it intends to deal harshly with water and electric current consumers who turn on their own service after it has been turned off by the city for failure to pay bills. There have been instances of this sort lately which have aroused the council to action and any future violatons of the sort will likely be prosecuted under a state criminal statute, it was intimated by the council.

As a result of the renewal of the discussion by the council of ridding the city of the constant menace from Hodge's branch, steps are likely to be taken to have the branch tiled and filled. The discussion was started by Councilman Wagoner of the Third ward, through which the branch runs. He said he felt something should be done because the branch is unsanitary and unsightly. It is used as a catchall for trash and garbage and each year it runs out of its banks and causes damage. Councilman Wagoner said it would be useless to clean the branch out and still leave it an open waterway because in a few weeks the condition would be as bad as before the branch was cleaned.

Councilman Scudder said that he had investigated and found that it was a county ditch and therefore not the city's business to have anything done. He declared that if property owners living along the branch wanted to do anything, they should petition the county commissioners for whatever improvement they desired and the costs would be assessed proportionately among the property owners. Councilman Wagoner said he intended to tell all

EIGHT ARTILLERY RECRUITS

Byron Cowing Recruits This Number For Platoon.

Byron Cowing, who was authorized to raise a platoon, consisting of thirty men for the Second Indiana regiment of artillery which is being recruited has eight men signed up for the regiment. Another meeting was held in the sheriff's office in the court house last night to discuss the question with men who are considering enlisting. Any man between 18 and 45 years of age may enlist, up until December 15, but after that date only men under and over conscription age will be acceptable. The new draft regulations do not permit men between 21 and 31 to join the army after December 15.

Another meeting will be held at the same place Thursday evening.

POSTOFFICE WILL SELL REVENUE STAMPS

Must be Placed on All Parcel Post Packages on Which Mail Charge is 25 Cents or More.

EFFECTIVE ON DECEMBER 1

Postoffice officials today called attention to the fact that revenue stamps, which must be used on and after December 1, when the war revenue stamps bill becomes effective, on parcel post packages costing 25 cents or more and other things may be purchased at the postoffice.

Heretofore war revenue stamps have been distributed by the revenue collector and the postoffices have not been required to sell them. The banks sold them, not because they had to, but for the convenience of their patrons. This time, however, the plan is changed and the postoffice will be the distributing point.

A one cent revenue stamp on all parcels on which the mail charges are 25 cents. A two cent revenue stamp must be used on all parcels costing from 26 to 50 cents and the stamp increases one cent for each 25 cent increase in postage. According to a postoffice ruling, all senders of parcels and users of revenue stamps must cancel their own stamps. The accepted way to do this is for the sender to write his or her initial across the stamp.

I. & C. ASKS FOR AN INCREASE IN FARES

Petitions Public Service Commission Straight Charge of 2½ Cents a Mile be Allowed

OPERATING COSTS HIGHER

(By United Press.)

Indianapolis, Ind., Nov. 21.—The Indianapolis and Cincinnati Traction company today petitioned the public service commission to increase its rates by about 25 per cent. The company asks that a straight charge of two and a half cents a mile be allowed; that mileage books be based on a rate of two cents a mile; that an increase of about ten per cent in commutation tickets be allowed and that a five per cent reduction be permitted for round trip tickets.

Charles L. Henry, president of the company, who presented the petition, stated that the company had not paid large dividends and that increased operating expenses makes additional revenue necessary. He stated that the company expected to realize at least 12½ per cent increase in fares from the petition.

Washington, Nov. 21.—First Lt. Orlando Gochenauer of Freeport, Ill., a member of the medical officers reserve corps attached to the British forces was killed in action.

WAR HITS THE FUR TRADE

Sherman Oneal Returns From Convention of Furriers at Detroit

Sherman Oneal has returned from a convention of furriers in Detroit, Mich., and reports that furs, like practically everything else, are being effected by the war. With shipping facilities greatly disturbed by the war, the great demand in foreign countries for American furs cannot be supplied. One shipment of furs made last spring, Mr. Oneal says to a foreign country has not yet gone. Too, the hunting season for some animals has been shortened so the supply of hides of certain kinds is lessened.

Oneal Brothers are building an extension on the south end of their building in South Main street and a driveway will be built through it.

MELVIN BROOKS EXPIRES HERE TODAY

Retired Farmer Dies at Home at 617 North Jackson Street of Disease of Liver

WIDOW AND 6 CHILDREN LEFT

After a four weeks illness, Melvin Brooks ,age 74, died at his home at 617 North Jackson street this morning at about 8:30 o'clock. The death was caused by a disease of the liver. Until a few years ago, Mr. Brooks made his home on a farm in Noble township and since then he has made his home in this city. He was an active member of the Little Flatrock Christian church.

Mr. Brooks was a civil war veteran, having enlisted in Company G. 52 Indiana which was organized in Rushville. He enlisted October 14, 1861 and returned in 1865.

Mr. Brooks is survived by a widow and six children, Mrs. John Matney of Indianapolis, Mrs. Frank Wilson of New Salem, Forrest Brooks, Charles Brooks, Vernon Brooks of this county, Morton Brooks of Indianapolis, and Myrta Brooks.

The funeral services will be held at two o'clock at the Christian church in this city with burial in the East Hill cemetery.

FINED ON 3 CHARGES ON PLEAS OF GUILTY

W. H. Roots Given Minimum For Assault on Mother and Daughter And Giving Minor Liquor

$20 AND COSTS IN LATTER

William H. Roots was fined on three charges, all contaned in grand jury indictments, in the circuit court today by Judge Sparks. He was indicted last term of court on two counts for assault and battery and for giving intoxicating liquor to a minor and pleaded guilty to each of the charges. Judge Sparks gave him the minimum fine in each case.

Roots was accused of assaulting Mrs. Vincent McCrory and her daughter Sena McCrory for each offense he will have to pay a fine of one dollar and costs. The other charge was for giving intoxicating liquor to a minor, Sena McCrory, and the fine in this instance was $20 and costs.

If the good weather continues, the pavement of eleventh street will be completed by Friday evening was the report given by Contractor Tribble this morning. Several things might interfere with the completion of the street but from present appearances it will be done by that time. Traffic will be barred from the street for three weeeks after which it will be open to the public.

BRITISH VICTORY SURPRISE ATTACK

While Prussians Were Sleeping Soundly, English Tanks Lead Tommies Into Battle

CONCEALED BY A BARRAGE

Germans Didn't Know They Were in Action Until They Rumbled Over Their Heads

By WILLIAM PHILIP SIMMS
(U. P. Staff Correspondent.)

With the British Army, Nov. 21.—The strangest battle in the world's history was that by which the British today, smashed the Hindenburg line. At a moment when the world was saying surprise attacks in this war were impossible—when the Prussians were thinking the same thing and sleeping soundly without the suspicion that there was anything brewing, British tanks leading the British infantry rose out of the ground as if by magic and swung to the attack.

General Pershing witnessed the great drive.

The tanks prepared the way. They crushed over wire entanglements my followed. Prisoners pouring my followed. Priosners pouring back of the lines today were still dazed by the attack.

Not an officer or man had the slightest idea that the British would attack that point. Monday night a large number of British tanks took their places behind the lines. The Germans suspected nothing. Early Tuesday these monsters crawled forth. A smoke barrage concealed them. The Germans didn't know they were in action until they rumbled over their heads.

The Hindenburg line, therefore, was taken without a single preparatory gun shot. How complete was the surprise of the Germans was evidenced in the fact that one German division was relieving another at the moment of the attack.

HAILED AS GREATEST VICTORY SINCE MARNE

Field Marshal Haig Smashes First Hindenburg Line and Penetrates to Second Line.

GOES FORWARD 4 TO 5 MILES

London, Nov. 21.—Field Marshal Haig has broken the first defense of the Hindenburg lines. After smashing the first lines of defenses, the British captured the second line, about a mile beyond.

In a report Haig said: "Our infantry and tanks in accordance with our progress, pressed forward and captured Germany's second system more than a mile beyond. Havrin Court was captured by the British. The British forces passed through the German lines to a depth of from 4 to 5 miles. Thousands of prisoners and a great number of guns were taken."

Although Haig did not specify the exact location of the German drive, it is believed, Cambria, one of the key cities to Hindenburg line of communication, was the main objective. British troops must now be in sight of this vital center, since the old line was only eight miles distance. The enemy was ultimately paralyzed by the tremendous force of the British drive. The victory was hailed as perhaps the greatest military stroke since the battle of the Marne.

REVOLUTIONISTS DIVIDED

Petrograd, Nov. 21.—Maximalists leaders today announced the rupture of negotiations with the moderate socialist party. It was reported a compromise government was being negotiated between the Bolsheviki and the social revolutionary of the left wing.

CAMPAIGN OPENS ON THANKSGIVING

Sale of Red Cross Seals Will be Formally Started in This County Week From Thursday

TO BE CONDUCTED SAME WAY

Great Need of Fight on Tuberculosis Seen Because of Ravages of Disease in Trenches

The campaign for the sale of Red Cross seals will begin in this county next week, Thanksgiving day being set as the day when the entire nation will start the campaign. Each township in the county will be asked to organize and conduct a campaign and the sale in this city will be in charge of the members of Psi Iota Xi.

It will be carried out in similar manner to previous years. Advertising will be spread broadcast, letters enclosing one hundred stamps and an addressed envelope with the request that one dollar be returned will be sent out, the seals will be on sale in drug stores and during the few weeks before Christmas a stand will be stationed in the postoffice where the seals will be on sale.

The supply of seals has been received by Dr. W. S. Coleman, chairman of the Anti-Tuberculosis Society. They are more attractive than they have been for several years and vary in design from the past few years. On a background of white, a Christmas tree bears a shield on which there is a Red Cross.

As before, the seals will sell for

one cent each. The proceeds are divided as follows: seventy-five per cent is kept in the county and goes to the visiting nurse fund to be used in the prevention of Tuberculosis, fifteen per cent to the national headquarters to defray the expenses of the seals and ten per cent goes to the state headquarters to pay for advertising and other necessities.

Last year the sale of seals totaled $128.62 of which 75 per cent was kept in this county. Every effort is being made to surpass the record of last year, because of the increased need of the fund.

Concerning the sale of seals the Indiana Anti-Tuberculosis society has given out the following facts: More than 200,000 French soldiers have been sent back from the firing line because they were so ill with tuberculosis that they were no longer able to fight. Our men, Indiana men, too, will fall victims of this disease through the hardships of life in the trenches. They are offerng their lives for us, for every man, woman and child in your community. Will we do all that we can do to nurse them back to life and happiness when they come back home to us broken in health? Each community in Indiana surely is too proud, too big of heart, too deeply conscious of its obligation to its own flesh and blood to refuse adequate provision for its returned tuberculosis soldiers. Money from the sale of Red Cross Christmas Seals will open the way for this service.

If the seal campaign in your community this year is to be all that it should be, if it is to measure up to the magnificent opportunity for a wonderful service for humanity—to your own people—the selling organization for Red Cross Seals this year must include the very best men

MILROY MAY GET CANNING FACTORY

Indianapolis Concern is Endeavoring to Contract For 125 Acres of Tomatoes Next Year

WILL THEN BUIILD A PLANT

Old Enterprise Flour Mill Will be Turning Out 250 Barrels of Flour a Day Soon

Milroy will have a canning factory next year, judging from the interest that is being taken there in the enterprise which has been started by representatives of the Economy Canning company from Indianapolis. The company asks that the farmers around Milroy raise one hundred and twenty-five acres of tomatoes next season and sell the crop to the factory. If the proposition goes through, the first season will see the factory putting out tomatoes only but later canned corn and other articles will be added to the output.

The two representatives from the factory today canvassed the districts around Milroy and met with good success among the farmers. A new building will be put up especially adapted to the needs of a canning factory. This would no doubt be built early next year and the factory would start in operation early in the fall immediately after the fall crop of tomatoes was ripened. The new factory would bring several families and business men to Milroy and mean much to the progress of the town.

The flour mill, which was recently purchased by the Acme-Evans company of Indainapolis will be putting out 250 barrels of flour per day in a very short time. The entire plant is being overhauled and this has not be totally completed although several trials at running the mill have been made. The elevator is running now and wheat is being unloaded there every day. In about two or three days time, the entire plant will be in running order.

Jesse Anderson formerly of the Sandusky Farmer's Elevator will operate the plant. Mr. Anderson has had experience for a number of years in this work. His place in Sandusky will be taken by his brother. A head miller and two millwrights from Indianapolis and ten Milroy men will be employed in the plant. A number of Indianapolis men are in Milroy now helping overhaul the plant but the majority of permanent positions in the plant will be given to Milroy men. The re-establishment of the mill will bring business to Milroy, as can already be seen there.

PURDUE EXPERT SPEAKS AT ORANGE

Shows Value of Conservation of Canned Goods Both as to Canning and Use Of It

THE MEETING IS HELD TODAY

The Orange school is one of the three in Fayette county to be addressed by experts from Purdue university and Washington, D. C., in connection with conservation of canned foods and the organization of boys and girls farming clubs. The meeting was held at the Orange school this afternoon from one o'clock until two and the entire community was asked to take advantage of the opportunity to hear the speakers.

A woman sent out by the extension department of Purdue university will instruct the young people in the organization of farming clubs and aid in starting the clubs. This movement is going over the country to urge the young men and women to aid in the increased supply of farm products which is demanded at present. The expert sent by the government from Washington spoke and demonstrated the value of the conservaton of canned goods, both in the canning and the use of these foods. The Connersville schools were also to be visited by these speakers.

CIVIC EXPERTS MEET IN DETROIT

Detroit, Nov. 21.—Civic experts from every part of the United States were in Detroit today to attend the conventions of the Natonal Municipal League and the City Managers Association, both of which opened their sessions here this morning.

Feeding of cities in war time will be the dominant topic throughout the Municipal League convention. G. W. Perkins, chairman of the New York Market commssion, is to address the assembly on state organization for food supply. He will tell of the advisability of aligning women in the conservation movement. Marcus N. Marks, President of Manhattan, will talk on retail and wholesale markets.

A food administration representative will talk on "How Cities Can Effectively Assist in the Food Crisis.

City managers will particularly consider adaption of the city manager form of government to all cities. The budget making and training for public service are other topics which will receive attention.

OHIO MAN TO GET THE PRESIDENCY

LaPorte, Ind., Nov. 21.—The LaPorte county medical association today entertained leading physicians of Ohio, Indiana, and Michigan at the annual convention of the Tri-State medical association. The presidency of the association will go to an Ohio man and the next meeting will be held at a Michigan city.

Prof. Miles F. Porter today discussed the work which physicians are doing to help win the war, and outlined methods by which those still at home could do their part.

Among the other speakers were: C. E. Wagoner, Toledo; Ben P. Weave, Ft. Wayne; and W. E. Mosely, Toledo.

Amusements

The "Devil's Assistant," to be shown at the Gem this evening contains in it a plot of big moments and heart interest, a great preachment against the use of drugs.

The author, has clothed a tremendous idea in a story which offers Miss Fischer opportunity for some of the strongest dramatic playing of her career.

For the picturization of this story of two soul stranglers, who from jealously at the inability to possess the ones they love, plot to steal honor from the woman, by secretly accustoming her to the use of drugs, and love and respect from her husband, Mr. Pollard has used settings unrivaled in their rare beauty.

"What was the secret of the first woman?" This all-important question is answered in "The Secret of Eve," which will be seen at the Princess this evening, with the gifted Mme Petrova as the star. Mme. Petrova has never been called upon to do a more difficult piece of work than in this production. First of all, she portrays Eve in the Garden of Eden. Then she is seen as Hagar, a gypsy woman, who leaves her baby daughter on the doorstep of "house-dwelling" people so that she may have a chance for happiness. Next the girl, Eve, is shown as a young woman, the foster-child of Quakers, who marries a millionaire, and as Eve Brandon goes to the city, still in pursuit of happiness. The final picture is of the noble minded woman who has found perfect joy in giving her life to service of little children. Tomorrow afternoon and evening, Anita Stewart will appear in "The Message of the Mouse."

FIGHT FOR YOUR LIFE

Duty Demands Robust Health

Fight to get it and keep it

Fight—fight day in and day out to prevent being overtaken by ills and ails. Keep wrinkles from marring the cheek and the body from losing its youthful appearance and buoyancy. Fight when ill-health is coming with its pallor and pains, defects and declining powers. Fight to stay its course and drive it off.

But fight intelligently. Don't fight without weapons that can win the day for without the intelligent use of effective weapons the pallor spreads and weakness grows and a seemingly strong man or woman ofttimes becomes a pray to ills after all.

You will not find this class of persons in the hypoferrin ranks. No unhealthy, dull, draggy, droopy persons in that line. It is a hale, hearty, robust aggregation of quick-steppers who view life in a joyous frame of mind and are mentally and physically equal to any emergency. Hypoferrin stands for sound body and sound mind—it is the invigorating tonic of the times—powerful and unsurpassed as a health restorer, vitalizer and health preserver. Fight to hold the vigor of a sound body with hypoferrin or to stay the process of decay and restore health and strength—you win. This tonic of amazing, wonder-working properties has been approved by physicians as a restorer and safeguard of health. It is a thoroughly scientific preparation of the very elements necessary to tone up the stomach and nerves, to build strong, vital tissue, make pure blood, firm flesh and solid, active, tireless muscles.

Hypoferrin contains those mighty strength-producing agents, lecithin-and-iron peptonate, in a form best adapted to benefit the body and its organs. Its ingredients are absolutely necessary to the blood. In nine cases out of ten a run-down condition, sallow, pale complexions that "all in" feeling and frail bodies are due to lack of lecithin-and-iron peptonate in the system.

Your mental and physical strength and endurance depends upon a lecithin-and-iron peptonate laden blood; steady, dependable nerves and a healthy stomach. With these you can meet life at any angle.

This wonder tonic, hypoferrin, which is as perfect as science can get to nature, meets every essential demand of the human organism. It is safe and sure and a boon to run-down, worn-out men and women. Hypoferrin means nature's own way of bringing color to the cheeks, strength to the body and keeping the vigor and buoyancy of youth. The powder and paint way of effecting beauty is not needed by hypoferrin women and girls. Their blood, filled with nature's beauty stores, creates conditions that give firmness and grace to the body and the glow of health to the cheeks.

No need of going through life sickly and always feeling miserable in this age of medical science. Join the hypoferrin ranks. It puts into you the springy snap and vigor you ought to have and puts life into your body and mind that inspires the confidence that you confront the world on an equal footing with anyone.

Hypoferrin may be had at your druggist's or direct from us for $1.00 per package. It is well worth the price. The Santanel Remedies Co., Cincinnati, Ohio.

The Uses of Adversity

Nothing is truer than that continued and sustained prosperity will enervate and undermine the physical, mental and moral stamina of any people. The human animal is all too prone to over-indulge in the good things of life. Put a man on his mettle to wrest existence from a reluctant world, and in the effort every fibre of his being is necessarily developed to the uttermost, and he emerges an invincible specimen of the fighter.

So with nations. Given all that heart can wish, and left to revel unhindered in the indulgence of that plenty, the national fibre must inevitably deteriorate.

Any crisis that jars men out of their ease cannot fail to work good to that people. With no disposition to minimize the evils of the present conflict, yet we are bound to realize that the world is waking up to a view of life that it well-nigh lost. Life is a struggle, and when struggling ceases decay sets in.

When the smoke of the present conflict has cleared away and the world takes stock of results, we will be found to have learned many valuable lessons. One great loss is inevitable—that of heroic lives that must of necessity be sacrificed. This is deplorable. Yet these lives will have been given in the most glorious of causes—the renewing and vitalizing of the lift of the nations.

From the dawn of history to the present day, sybarites and sensualists have professed to deride and scoff at the scriptural virtues of renunciation and self-sacrifice. Yet the decree remains as unalternable today as when enunciated by the Man of Gallilee, that "whosoever loseth his life shall find it."

We of America have not yet touched the edge of real renunciation. We have given only of a superabundance. It is when the giving assumes the nature of sacrifice that the real good to the people will be realized. Shall we, then, pray that it come not to us?

We repeat, the sacrifice of life is deplorable, and we would it could be averted.

There is but one greater calamity that could befall us, that is that we should fail to measure up to the opportunity now knocking at our door.

The People Always Right

It has been the conviction of the greatest statesman of all ages and all countries that one could safely trust to decision of the majority of the people on any question that affected them. The public mind and conscience is nicely attuned to the public welfare and seldom goes astray. Given a free hand in the working out of their destiny, no people would ever come to grief. It is only when self-seeking and deceitful leaders becloud issues for their own selfish purposes that the people are seduced.

So much preliminary to the assertion that the American people—the great, sober, reasoning majority—are right today. Without fuss and feathers they have decreed a course of action that shall preserve the national weal and the national honor, and they are not likely to be lightly turned from that course.

"Vox populi, vox Dei," never had a more direct application than to the attitude of the American people in the present world crisis. Being then, the supreme power, the voice of the people should not only have, but exercise, supreme authority.

This we are failing to do. Our government is putting forth most herculean efforts to pilot the ship of state through the troubled waters, but they are hampered on every hand by those who, from a self interest that exceeds their loyalty, persist in throwing every obstruction possible in the way.

This should not be, must not be. The lives of the thousands of young men who have responded to their country's call must not be jeopardized by the Judas at home. It is time that the great loyal majority demand that the voice of the objector and obstructionist be silenced—if not one way, then another.

There is something crooked about a "conscience" that persists in arraying itself against the national conscience. Such a "conscience is the creature of many and varied influences, none of which make for the best interests of American life.

It is time the reactionary were silenced. The people have spoken, and their verdict should be final. The traitor to his country should feel that country's displeasure in no light degree.

When a man between the ages of 21 and 31 resists the draft, we proceed to handle him without gloves. When a man past 31 works his jaw overtime resisting not only the draft but every other measure of self preservation the government has enacted, we pass a resolution to "investigate" his loyalty. We don't like the word "coperhead" but it's the only word that fits, and everybody knows the date decreed for the serpent.

An exchange wants to know "why it takes a woman so long to put on the little she wears to evening functions." Why, she has to be very particular as to location. A mistake would be embarrassing.

Looking for a safe bank for your war-price savings, neighbor? What is the matter with Uncle Sam's great Liberty bank?

An exchange speaks of "most of the beef at the average man's table." That's a mistake. It ain't there.

If the price of gasoline keeps on mounting, it ought to put a damper on the automobile thieves.

Quit wondering when the war will end, and decide YOU are going to help start it.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 25c per box. All druggists.

XMAS. CHEER FOR CAMP TAYLOR MEN

Local Plans Are Being Formulated to Co-Operate With Louisville Newspaper in Sending Gifts

BANK PRESIDENTS TO HELP

Local Banker Replies to Courier-Journal, Promising to Co-Operate in Campaign

Plans are being worked out to conduct a campaign through the Daily Republican for Christmas cheer for Rush county selected men at Camp Taylor, Ky. The Louisville Courier-Journal to play the part of Santa Claus has been accepted by the commander of the camp.

Letters have been sent to all bank presidents and cashiers in the three states from which the selected men are drawn, asking their co-operation. Earl H. Payne, president of the Peoples Loan and Trust company and the Peoples National bank, has responded to the Courier-Journal as follows:

We have received your recent communication and have read the same with interest; and wish to assure you that your laudable interest in this worthy cause of "Christmas at Camp Zachary Taylor" should be and is appreciated by all the citizens of Illinois, Kentucky, Indiana, and throughout our Nation.

"We will be glad to co-operate locally in any way we can; and will be pleased to give whatever time required that we can to accomplish our share of the Christmas Cheer; for our Rush county has a goodly number of her Sons now at Camp Taylor and our hearts and good wishes are very near to them; in this noble and glorious undertaking that they have all assumed; to protect and defend our Nation in the Cause of Right and Humanity.

"We will all co-operate with The Rushville Daily Republican to accomplish the favorable results that we know can be attained.

"With best wishes for such a worthy cause, I remain."

"Very truly yours,
"E. H. P."

Mammoth Christmas trees will be erected in front of all regimental headquarters and all soldiers in the cantonment will assemble before their regimental trees on Christmas eve to celebrate their first Yuletide in the fighting force of Uncle Sam. Nothing is to be left undone to insure a merry Christmas for every fighter.

Already gifts from the "folks back home" have commenced to pour into the offices of the Courier-Journal. Contributions of money with which presents will be purchased for those not remembered with gifts by friends or relatives have also started to come in. There are hundreds of men at Camp Zachary Taylor who have no near relatives, while scores of others have officially reported as "next of kin" some citizen of a foreign country with which America is not at war.

—Mr. and Mrs. E. F. Benson of Delphi are visiting Mr. and Mrs. Will Nicholas of this city.

JOHN T. BARNES IS DEAD

Former Rushville Man Expires at Knightstown Tuesday Evening

Word has been received here of the death of John T. Barnes, who died at his home in Knightstown last night. He was about 75 years old and his death was due to leakage of the heart. Mr. Barnes formerly lived in this city and is well known here. The funeral services will be held at his residence in Knightstown, Friday morning at 10:00 o'clock. Representatives of the K. of P. lodge of this city will attend. The Masons at Knightstown will have charge of the funeral. He was a member of the Commandry. He is survived by the widow, one sister Mrs. J. P. Smelser of this county and a brother, Joseph Barnes of near Dunreith.

Knights of Pythias Run Wild, Rolling 901 Last Game

AN EXTRAORDINARY PICTURE

Anita Stewart, Julia Swayne Gordon, L. Rogers Lytton and Robert Gallord in

"The Message of the Mouse"

The story of a gigantic plot to wreck the finances of America which was frustrated by a young girl, assisted by the innocent actions of a mouse.

A picture that will hold your attention from the very start.

NO ADVANCE IN PRICE!

Society

Mrs. Bonner and Miss Mary Rankin of Greensburg were the guests of honor at the meeting of the Missionary society of the First Presbyterian church which was held with Mrs. R. H. Jones yesterday afternoon, at her home in North Perkins street. Mrs. Bonner read interesting letters from friends on Corea and Japan. Miss Rankin, secretarial president gave an instructive talk concerning the work among the foreigners at Gary.

* * *

Mrs. Homer Powell assisted by Mrs. Lafarra and Mrs. Warren Elder entertained about sixty members of the Ladies Aid society of the Methodist church and five guests yesterday. A short business session was held during the first part of the afternoon and then a social period ensued. The hostesses served dainty refreshments. Mrs. Laura Gordon will entertain the society in two weeks.

* * *

Mr. and Mrs. Will Amos entertained a few relatives for supper last evening at their home northeast of this city, the occasion being the fourth birthday of their little daughter, Anna Louise. A birthday cake, lighted with four candles centered the table. Mr. and Mrs. Willard Amos and daughter Miss Mary were among the guests.

* * *

All of the members of B. N. club and one guest, Miss Vira West of Gwynneville were entertained by Miss Effie Young at her home in East Third street. A color scheme of pink and white was carride out in the decorations of the table, where the dainty refreshment were served. The next meeting will be held in two weeks.

* * *

Mr. and Mrs. Bert Chew entertained at dinner Sunday at their home in Glenwood, Mr. and Mrs. Charles Stamm and family and Mrs. Anna Smith of Richmond, honoring the birthday of Mrs. Chew. Mr. and Mrs. W. C. Howlin and family and Miss Zena Plough were guests in the afternoon.

* * *

Mr. and Mrs. William Bosley entertained the members of their Rook club last evening at their home in Milroy. Nineteen members were present. The hostess servd elegant refreshments and Mrs. Rush Tompkins will be hostess to the club in two weeks.

* * *

Mrs. Albert Fleehart will entertain the members of the Friday Afternoon Embroidery club, at her home in West Fifth street, Friday.

* * *

In a bower of American flags and the flags of the Allies, the forty-eight guests of Mrs. Carl Beher and Mrs. Charles Frazee played bridge this afternoon at the home of Mrs. Beher in North Main street. The patriotic emblems carried the spirit of the time into the pleasure of the occasion, for flags hung from the chandeliers and mantles, over the windows, and wall pockets, in which were white chrysanthemums and red carnations, were tied with dark blue bows. Red candles in crystal holders lit the small tables when the guests were served with the elegant one course luncheon. In this part of the affair, flags were again in evidence, being stuck on the glasses, and given as favors. Among the guests who were welcomed beneath an immense American flag draped over the doorway, were Mrs. Sarah Henley and daughter, Mrs. June Kettenring of Chicago, Mrs. Hal Kitchen, Mrs. Fred Thomas, Mrs. Clyde Meek and Mrs. Ed Batterton who motored here from Greensburg.

* * *

Simple but beautiful was the wedding of Miss Helen Hale and Roy N. Small, son of Mr. and Mrs. Zack T. Small of Carthage, which was solemnized at the home of the bride's mother, Mrs. Alice Hale in Carthage at 4:30 o'clock this afternoon. The room in which the ceremony was performed was made fragrant by large bunches of pink and white chrysanthemums which suggested the color scheme for the entire affair.

Immediately preceding the ceremony, Miss Adamson of Indianapolis, who has a lovely soprano voice, sang, "Because," after which Miss Mary Basler played the wedding march. The bridal couple was accompanied by Mr. and Mrs. Frederick Dotleiz Jr., of Morristown. The bride looked lovely in a gown of dark blue crepe de chine which was set off by her immense boquet of pink sweet peas. The matron of honor also wore dark blue. The ceremony was read by the Rev. Daniel Ryan. In the service of the two course supper which followed the informal reception, the same color scheme of pink and white was emphasized in the ices and confections.

Among the twenty-five guests who were present for the ceremony were S. W. Hale of Geneva, grandfather of the bride, Miss Mary Jane Hale, sister of the bride, Mr. and Mrs. Will Addison and daughter of Indanapolis, Mr. and Mrs. Fred Dotleiz Sr., and daughter, Louise of Morristown.

Mr. Small and his bride will make their home on a farm near Carthage. Until recently, Mrs. Small has been taking nurse's training in an Indianapolis hospital. For several years, Mrs. Hale and her daughter made their home in this city where they are well known.

* * *

The Rebekah degree staff will meet in the I. O. O. F. Hall Thursday evening for practice. A good attendance is desired.

Social Calendar

Thursday

Auction Bridge club with Mrs. Wilbur Stiers, 732 North Perkins street, in the afternoon.

Ladies Aid society of the First Presbyterian church sew in Red Cross Headquarters, in the afternoon.

Red Cross Notes

The executive committee of Red Cross will meet at the headquarters this evening at 7:30 o'clock when matters of business importance will be decided on.

The ladies of the Christian church are sewing at the headquarters today. Practically all of the members of the Coterie were sewing and in the surgical dressing class on Monday. The Presbyterian ladies sew tomorrow and the Catholic ladies on Friday. Other women are urged to sew on any and all of these days.

THIS TOWNSHIP IS OVER

Sum of $2,729.90 is Contributed in Rushville For Y. M. C. A.

The sum of $2,729.90 has been turned in for the Y. M. C. A. fund from Rushville township with several small amounts still out that will add to the fund. B. L. Trabue chairman of the township, stated today that be believed the fund in this city would climb over the three thousand dollar mark. The township allotment was $2,400. Reports received from the townships over the county indicate that the county's pledge would come up to eighty-five hundred dollars when the reports are completed.

ITALIANS HOLDING FIRM

Are Bearing Full Burden of Invasion and Inflicting Losses

(By United Press.)

Rome, Nov. 21.—Italian troops are bearing the full burden of the Teutonic assault. They are holding firm and inflicting terrible casualties on the enemy. The public support of the war is as it never was before. The enemy won his first blow by treachery in the army and in the civilian population. The Germans played for a revolution in Italy like that she aided in Russia.

WANT ADS BRING RESULTS

Thanksgiving Linen

Our purchases made long ago of table linens, enable us to offer you an assortment at prices that would be out of the question on today's market. GARBAGE CAN IS EXPELLED FROM USE

Housewives Are So Careful to Conserve That the Profit From Wasted Fats is Destroyed

FIFTY-NINE CITIES REPORT

The Garbage in the Summer Consists of Vegetable Waste Which Are Used More Than Ever

(By United Press.)

Indianapolis, Nov. 21.—Indiana Food Administrator W. E. Barnard today made a report showing that "the full garbage pail," is becoming a thing of the past. His statement giving statistics from all parts of the country, follows:

"From all over the country comes tales of the troubles of the garbage men. The Food Conservation work has destroyed all hopes of large profits from the sale of wasted fats to soap makers and munition plants. We are not wasting fats any more. Even trimming stock and bones which used to go into the garbage pail now finds good use in making soups. The dripping in the roasting pan and the grease skimmed off the boiling piece are all saved, and everyone is satisfied except the man who once made money out of our wastefulness.

"The Food Administration has checked up the practical results of its crusade against the garbage bucket. Fifty-nine cities with an aggregate population of more than twenty-one million have just made their reports. Only 12 of the 59 cities show any increase over the tonnage of waste collected a year ago. San Diego, California shows the greatest increase in saving. The total collections for the month was but 43% of this a year ago. Ten other cities show a decrease of 25% or more. These are Wheeling, Portland, Charlestown, Grand Rapids, Columbus, Lincoln, Savannah, Brockton, Davenport and Mobile. These 59 cities reported a total of 193,357 tons of garbage collected in July 1917 compared to 217,816 tons collected in July, 1916.

"In analyzing these figures it should be remembered that the bulk of garbage during the summer is vegetable waste such as corn husks and cobs and melon rinds. We have used more of these foods than ever before. And in view of this fact the showing is the more to be applauded."

Joseph P. Wood is Transferred to Georgia

Camp Wheeler, Ga., Nov. 16.—Since I wrote you last, I have been sent to another camp, am now located at Camp Wheeler, Ga., about seven miles from Macon and one hundred miles from Atlanta. Is quite a lot warmer here than it was at our former camp at Robinson, Wis. Had about four inches of snow before we left there. We left Wisconsin last Thursday and arrived here the following Sunday. Had a nice trip down through Indiana, Illinois, Kentucky and Tennessee. Our train was equipped with dining car, Pullman sleepers, stock cars, flat cars for guns, box cars for equipment, twenty-three cars in all. We are having nice warm weather here, the nights are a little chilly.

Shoes Built to Our Order From the Ground Up

The principal portion of our splendid stock of shoes was built to our order, especially to accommodate our exclusive customers. And we instructed the makers to build them FROM THE GROUND UP.

So they started on the ground piece—the sole—with solid leather, and put in honest work and honest material until the shoe was complete.

This enables us to offer you an honest shoe and we have put on them an honest price.

Yes, we have sold shoes cheaper in former years, but when you see the EXCELLENCE OF OUR SHOES you will say they are cheap enough.

WE WANT TO SELL YOU A PAIR
WINSHIP and DENNING

Take No Chance
Last year people were disappointed because they waited until a few weeks before Christmas and then wanted Greeting Cards and Folders. Take no chance this year, and get your order in before December 5th. Cards and Folders are cheaper than a present and they are considered as a token of friendship.

Diet, Exercise or Death!

An eminent medical authority writes that most of our city folks die of a thickening of the arteries or of kidney disease. The kidneys become clogged and do not filter the poisons from the blood, and one trouble follows another, high blood pressure damages the heart, arteries and kidneys. Usually its danger signals are backache, pain here or there, swollen feet or ankles, rheumatic twinges or spots appearing before the eyes.

"The very best remedy is this: Eat meat but once a day or not at all. Plenty of outdoor exercise, and drink pure water frequently. Before meals take a little Anuric, the great uric acid neutralizer that is easily obtained at the drug store. When you have dizziness, chills or sweating, worry, or dragging pains in back, try this wonderful enemy to uric acid, which Dr. Pierce of Buffalo, N. Y., discovered and named Anuric. Anuric, more potent than lithia, dissolves uric acid as hot water does sugar."

YOUNG GIRLS JUST COMING INTO WOMANHOOD.

Bunker Hill, Ind.—"My mother gave me Dr. Pierce's Favorite Prescription when I was a young girl developing. I think it laid the foundation for my present healthy womanhood and I would never hesitate to recommend it to young girls at this very critical stage of life."—Miss Dossie Webb.

Jeffersonville, Ind.—"I have been troubled with woman's trouble for two years and after taking Dr. Pierce's Favorite Prescription I felt much better. I gladly recommend this medicine. I have told many of my friends about it and what it did for me."—Mrs. Lydia Summerville, Route 1.

property owners affected how they should proceed.

The council had under discussion the claim of Frank Mauzy of Markleville for refund on a water meter. He claims the money is due him but the city has already refunded the water meter deposit for the property to the man who purchased it from Mr. Mauzy. The Markleville man asserts he made the deposit for the meter and that the man buying the property was not entitled to it. The purchaser, however, made affidavit that he made the deposit and it was therefore refunded to him.

The council agreed to furnish river water to the Big Four railroad for 75 cents a thousand cubic feet and if the price is satisfactory to the railroad, an ordinance covering the contract will be passed at the next meeting.

The employment of a city fireman to succeed Joe Wiliamson, who resigned last week, has been referred to the fire committee of the council with power to act.

MRS. MARTHA BEAVER DEAD

Orange Woman Expires of Dropsy Today at 9:30 O'clock

Mrs. Martha Beaver died at her home in Orange this morning at 9:30 o'clock, her death resulting from a prolonged illness from dropsy. The illness had extended over a year although she had been in a serious condition for about a week. Mrs. Beaver was a member of the Christian church in Orange. She is survived by six children, Mrs. Walter Barnes of New Salem, Mrs. Daisy Arthur of Indianapolis, Edis Beaver, Will Beaver, Orvil Beaver and Mrs. Martha Sweet, all of Fayette county. The funeral arrangements have not yet been made.

Supt. Mahin was instructed to order fifty water meters and get a reduction of twenty per cent which is offered for an order of that number. It is estimated fifty meters will last about six months.

Claims to pay the expenses of the election two weeks ago were allowed, amounting to $294.60. A few claims were not filed for last night's meeting.

Through a misunderstanding it was stated after the last council meeting that there was a defective wheel on the new chemical truck. This proved to be wrong as the truck referred to was the combination, hose, hook and ladder wagon. Fire Chief Easley sent the two rear wheels of the wagon to Indianapolis today and went himself to see about their repair. He investigated and found that he could not get a guaranteed job here.

LIKELY SAILED FOR FRANCE

Word Received Indicates That Harvey Allen is on the Way.

Word which has been received here indicates that Harvey Allen, mer local postoffice clerk, sailed for France Saturday or Sunday to act as a mail clerk in handling the mail of the United States expeditionary forces. A card has been received from Assistant Postmaster Tracy of Gary, Ind., who is in charge of the group of clerks to which Mr. Allen is attached. The card had the significant word "Good-bye" on it, and makes it apparent the clerks have left.

SCHOOL PRINCIPAL HELD

R. H. Kenady, Formerly of Clarksburg, Indicted at Greensburg

Roy H. Kenady, former principal of the Clarksburg schools, has entered a plea of not guilty to a charge of assault and battery and criminal intent in the Decatur circuit court. He has furnished bond for $2,000 for his appearance. Mr. Kenady went to Greensburg yesterday, where he was formerly connected with the schools, to arrange for bond. He was arrested in Indianapolis on a grand jury indictment. Two girls who were his pupils are named in the alleged assaults.

Days Pickings

A marriage license was issued yesterday to Miss June Lines, daughter of Mr. and Mrs. LeRoy Lines, and Claude M. Spillman, assistant postmaster at Milroy.

A marriage license was issued yesterday evening to Miss Helen Hale of Carthage, formerly of this city, and Roy N. Small, son of Mr. and Mrs. Zack T. Small of near Carthage.

Daniel O'Keefe and Elzo Hall filed a complaint in replevin in the circuit court today against Rolla Zorne and Fred Dagler, seeking the return of some live stock and $20 damages.

Frank McCorkle of Milroy narrowly escaped having bloodpoisoning in his left hand after running a splinter in one of his fingers. The finger has been lanced three times and is improving now.

An exchange will be given on Saturday morning in the room south of Kennard's Jewelry store by the Epworth League of St. Paul's M. E. church. Anyone wishing to donate may call Helen Scudder.

Philander Witters of Milroy has filed a petition in the circuit court askng that Perry Innis be removed as his guardian. Mr. Witters was recently discharged from the Southeastern Indiana hospital at Madison as cured.

The members of the Big Flatrock Christian church have sent a Christmas box to William Weidner, who is in the trenches in France. Mr. Weidner is a member of the church and when in the community was an active worker.

Revival services will begin at Franklin M. E. church, on the Arlington circuit, next Wednesday 7:30 p. m. Wednesday and Thursday evenings the pastor will speak on, "Clay in the Potter's Hand," using pieces of stoneware pottery to illustrate the lessons on the different phases of Christian experience. These illustrated discourses, as given in other places have pleased hundreds of people. Everybody invited, and welcomed to take part in all these meetings. The Rev. F. M. Westhafer is the pastor.

Our Nation's Need

Many Calls are being made in these Days for all of our Citizens to render Special Service to Our Country.

Every effort is being made to bring our immense National Resources to bear upon the one object of Winning the War.

Our Earnings and Resources should be conserved, not only with the thought of Savings for our own use, but also to be prepared to meet the Calls that our Government must make from time to time.

PREPARE NOW—There is no better method of keeping record of your business than by using a Checking Account.

There is no better Plan of Saving Part of your income than by using a SAVINGS ACCOUNT.

WE INVITE YOUR BUSINESS

FARMERS ATTEND HOG SERUM CASE

Large Crowd Attracted by Trial of Charge Against Ralph Miles in Circuit Court

NO JURY UNTIL 11 O'CLOCK

Oakley Sampson is Acquitted of Speeding by Jury—Out About Two Hours

Many farmers were attracted to the circuit court room today to hear testimony in the case of the state against Ralph Miles of Raleigh, accused of practicing veterinary medicine and surgery without a license. The question of whether a man other than a licensed veterinary shall have the right to vaccinate hogs is at the basis of the case.

One other similar case is pending in court, that of the state against Fred McFatridge. Both affidavits were filed in a justice of the peace's court by the state board of veterinary examiners and taken to the circuit court.

The jury was not selected until eleven o'clock and the first and only witness for the state was O. M. Harton. Dr. A. P. Spivey, a licensed veterinrian who is connected with the hog cholera serum firm which Mr. Miles represents in this county, went on the stand before the noon intermission and continued his testimony after the noon hour. The defense went extensively into the manufacture of serum in an endeavor to prove that the greatest precautions were taken by this particular firm to produce pure serum.

The case was expected to reach the jury late today. John A. Titsworth assisted Prosecutor Stevens and the defense was represented by T. M. Green, Douglas Morris and S. L. Trabue.

The case of the state against R. W. Noyer, charged with operating an automobile with a license issued by some state other than Indiana, comes to trial tomorrow. Mr. Noyer was fined in mayor's court and appealed. Another state case, the one against Bert Ormes for speeding, will be heard Friday. His case was sent to the circuit court from a lower court.

A jury was not obtained in the Miles case until eleven o'clock. The special venire of fifteen requested by the defense was exhausted and several other talesmen were used before the jury was finally accepted by both sides. In the jury as finally selected were three members of the regular panel.

The jury which heard the case was as follows: Cassius Gray, John Osborn, Joe Stevens, Walter Binford, John A. Jones, Claud Sliger, Alonzo Dalrymple, W. S. Mercer, Thomas W. Logan, George B. Clark, Charles B. Kenner and John M. Bever.

The jury in the case of the state against Oakley Sampson of Arlington, was out two hours before it acquitted Sampson, returning a verdict about five o'clock yesterday. Sampson was fined by Mayor Bebout and appealed to the circuit court.

FORMER OFFICIAL INSANE

J. P. Bales has made application for admission for his son Charles B. Bales, former deputy county auditor and democratic candidate for county auditor in the last campaign, to be admitted to the Southeastern Indiana Hospital for the Insane at Madison. Mr Bales took three weeks treatment at a private institution at Oxford, O., but was not benefited much. It is set out in the application that he was scalded on the back when three years of age. Mr. Bales many friends here will regret to hear of his illness.

A marriage license was issued today to Miss Ozella M. Clifton and Charles D. Hires.

WILL BUY LIGHTS TO GUIDE AVIATORS

Council Contracts For Signals to Mark South Boundary of Student Airmen's Route

TO DEAL WITH VIOLATORS

Council Will Not Tolerate Consumers Turning on Service When Turned Off.

The city council last night voted to buy signal lights to guide student aviators on trial flights between Wright field near Fairfield, Ohio and Chanut field near Rantoul, Ill.

Mayor Bebout and members of the city council, together with two Rushville marchants were in Indianapolis a few weeks ago to see a demonstration of the proposed signal lights and it was impressed upon them the lights should be installed as a war measure. It was stated then by city officials that the lights would probably be purchased because it was the duty of the city government to bear its share of the burdens created by the war with Germany.

Rushville is not on the direct air route, which follows the National road, but is along a line which marks the southern boundary of the area over which the aviators may travel. The signal lights are supposed to burn continually all night to act as a beacon for aviators who may stray from the path.

The lights on the southern boundary are to be red and those on the northern boundary green. By this means the aviator can determine his location with respect to the center of the air route.

The frame and lights, two of them of 110 volts each, will cost $68, according to the contract signed by the city last night with the Sanborn Electric company of Indianapolis. This is less than the figures quoted when the city officials attended the demonstration at the Speedway. The city will have to bear the expenses of installation, which will not be much, and will have to provide the current for the lights, but this expense as well will be very small.

The city council made it plain last night that it intends to deal harshly with water and electric current consumers who turn on their own service after it has been turned off by the city for failure to pay bills. There have been instances of this sort lately which have aroused the council to action and any future violatons of the sort will likely be prosecuted under a state criminal statute, it was intimated by the council.

As a result of the renewal of the discussion by the council of ridding the city of the constant menace from Hodge's branch, steps are likely to be taken to have the branch tiled and filled. The discussion was started by Councilman Wagoner of the Third ward, through which the branch runs. He said he felt something should be done because the branch is unsanitary and unsightly. It is used as a catchall for trash and garbage and each year it runs out of its banks and causes damage. Councilman Wagoner said it would be useless to clean the branch out and still leave it an open waterway because in a few weeks the condition would be as bad as before the branch was cleaned.

Councilman Scudder said that he had investigated and found that it was a county ditch and therefore not the city's business to have anything done. He declared that if property owners living along the branch wanted to do anything, they should petition the county commissioners for whatever improvement they desired and the costs would be assessed proportionately among the property owners. Councilman Wagoner said he intended to tell all

EIGHT ARTILLERY RECRUITS

Byron Cowing Recruits This Number For Platoon.

Byron Cowing, who was authorized to raise a platoon, consisting of thirty men for the Second Indiana regiment of artillery which is being recruited has eight men signed up for the regiment. Another meeting was held in the sheriff's office in the court house last night to discuss the question with men who are considering enlisting. Any man between 18 and 45 years of age may enlist, up until December 15, but after that date only men under and over conscription age will be acceptable. The new draft regulations do not permit men between 21 and 31 to join the army after December 15.

Another meeting will be held at the same place Thursday evening.

POSTOFFICE WILL SELL REVENUE STAMPS

Must be Placed on All Parcel Post Packages on Which Mail Charge is 25 Cents or More.

EFFECTIVE ON DECEMBER 1

Postoffice officials today called attention to the fact that revenue stamps, which must be used on and after December 1, when the war revenue stamps bill becomes effective, on parcel post packages costing 25 cents or more and other things may be purchased at the postoffice.

Heretofore war revenue stamps have been distributed by the revenue collector and the postoffices have not been required to sell them. The banks sold them, not because they had to, but for the convenience of their patrons. This time, however, the plan is changed and the postoffice will be the distributing point.

A one cent revenue stamp on all parcels on which the mail charges are 25 cents. A two cent revenue stamp must be used on all parcels costing from 26 to 50 cents and the stamp increases one cent for each 25 cent increase in postage. According to a postoffice ruling, all senders of parcels and users of revenue stamps must cancel their own stamps. The accepted way to do this is for the sender to write his or her initial across the stamp.

I. & C. ASKS FOR AN INCREASE IN FARES

Petitions Public Service Commission Straight Charge of 2½ Cents a Mile be Allowed

OPERATING COSTS HIGHER

(By United Press.)

Indianapolis, Ind., Nov. 21.—The Indianapolis and Cincinnati Traction company today petitioned the public service commission to increase its rates by about 25 per cent. The company asks that a straight charge of two and a half cents a mile be allowed; that mileage books be based on a rate of two cents a mile; that an increase of about ten per cent in commutation tickets be allowed and that a five per cent reduction be permitted for round trip tickets.

Charles L. Henry, president of the company, who presented the petition, stated that the company had not paid large dividends and that increased operating expenses makes additional revenue necessary. He stated that the company expected to realize at least 12½ per cent increase in fares from the petition.

Washington, Nov. 21.—First Lt. Orlando Gochenauer of Freeport, Ill., a member of the medical officers reserve corps attached to the British forces was killed in action.

WAR HITS THE FUR TRADE

Sherman Oneal Returns From Convention of Furriers at Detroit

Sherman Oneal has returned from a convention of furriers in Detroit, Mich., and reports that furs, like practically everything else, are being effected by the war. With shipping facilities greatly disturbed by the war, the great demand in foreign countries for American furs cannot be supplied. One shipment of furs made last spring, Mr. Oneal says to a foreign country has not yet gone. Too, the hunting season for some animals has been shortened so the supply of hides of certain kinds is lessened.

Oneal Brothers are building an extension on the south end of their building in South Main street and a driveway will be built through it.

MELVIN BROOKS EXPIRES HERE TODAY

Retired Farmer Dies at Home at 617 North Jackson Street of Disease of Liver

WIDOW AND 6 CHILDREN LEFT

After a four weeks illness, Melvin Brooks age 74, died at his home at 617 North Jackson street this morning at about 8:30 o'clock. The death was caused by a disease of the liver. Until a few years ago, Mr. Brooks made his home on a farm in Noble township and since then he has made his home in this city. He was an active member of the Little Flatrock Christian church.

Mr. Brooks was a civil war veteran, having enlisted in Company G. 52 Indiana which was organized in Rushville. He enlisted October 14, 1861 and returned in 1865.

Mr. Brooks is survived by a widow and six children, Mrs. John Matney of Indianapolis, Mrs. Frank Wilson of New Salem, Forrest Brooks, Charles Brooks, Vernon Brooks of this county, Morton Brooks of Indianapolis, and Myrta Brooks.

The funeral services will be held at two o'clock at the Christian church in this city with burial in the East Hill cemetery.

FINED ON 3 CHARGES ON PLEAS OF GUILTY

W. H. Roots Given Minimum For Assault on Mother and Daughter And Giving Minor Liquor

$20 AND COSTS IN LATTER

William H. Roots was fined on three charges, all contaned in grand jury indictments, in the circuit court today by Judge Sparks. He was indicted last term of court on two counts for assault and battery and for giving intoxicating liquor to a minor and pleaded guilty to each of the charges. Judge Sparks gave him the minimum fine in each case.

Roots was accused of assaulting Mrs. Vincent McCrory and her daughter Sena McCrory for each offense he will have to pay a fine of one dollar and costs. The other charge was for giving intoxicating liquor to a minor, Sena McCrory, and the fine in this instance was $20 and costs.

If the good weather continues, the pavement of eleventh street will be completed by Friday evening was the report given by Contractor Tribble this morning. Several things might interfere with the completion of the street but from present appearances it will be done by that time. Traffic will be barred from the street for three weeeks after which it will be open to the public.

BRITISH VICTORY SURPRISE ATTACK

While Prussians Were Sleeping Soundly, English Tanks Lead Tommies Into Battle

CONCEALED BY A BARRAGE

Germans Didn't Know They Were in Action Until They Rumbled Over Their Heads

By WILLIAM PHILIP SIMMS
(U. P. Staff Correspondent.)

With the British Army, Nov. 21.—The strangest battle in the world's history was that by which the British today, smashed the Hindenburg line. At a moment when the world was saying surprise attacks in this war were impossible—when the Prussians were thinking the same thing and sleeping soundly without the suspicion that there was anything brewing, British tanks leading the British infantry rose out of the ground as if by magic and swung to the attack.

General Pershing witnessed the great drive.

The tanks prepared the way. They crushed over wire entanglements my followed. Prisoners pouring my followed. Priosners pouring back of the lines today were still dazed by the attack.

Not an officer or man had the slightest idea that the British would attack that point. Monday night a large number of British tanks took their places behind the lines. The Germans suspected nothing. Early Tuesday these monsters crawled forth. A smoke barrage concealed them. The Germans didn't know they were in action until they rumbled over their heads.

The Hindenburg line, therefore, was taken without a single preparatory gun shot. How complete was the surprise of the Germans was evidenced in the fact that one German division was relieving another at the moment of the attack.

HAILED AS GREATEST VICTORY SINCE MARNE

Field Marshal Haig Smashes First Hindenburg Line and Penetrates to Second Line.

GOES FORWARD 4 TO 5 MILES

London, Nov. 21.—Field Marshal Haig has broken the first defense of the Hindenburg lines. After smashing the first lines of defenses, the British captured the second line, about a mile beyond.

In a report Haig said: "Our infantry and tanks in accordance with our progress, pressed forward and captured Germany's second system more than a mile beyond. Havrin Court was captured by the British. The British forces passed through the German lines to a depth of from 4 to 5 miles. Thousands of prisoners and a great number of guns were taken."

Although Haig did not specify the exact location of the German drive, it is believed, Cambria, one of the key cities to Hindenburg line of communication, was the main objective. British troops must now be in sight of this vital center, since the old line was only eight miles distance. The enemy was ultimately paralyzed by the tremendous force of the British drive. The victory was hailed as perhaps the greatest military stroke since the battle of the Marne.

REVOLUTIONISTS DIVIDED

Petrograd, Nov. 21.—Maximalists leaders today announced the rupture of negotiations with the moderate socialist party. It was reported a compromise government was being negotiated between the Bolsheviki and the social revolutionary of the left wing.

CAMPAIGN OPENS ON THANKSGIVING

Sale of Red Cross Seals Will be Formally Started in This County Week From Thursday

TO BE CONDUCTED SAME WAY

Great Need of Fight on Tuberculosis Seen Because of Ravages of Disease in Trenches

The campaign for the sale of Red Cross seals will begin in this county next week, Thanksgiving day being set as the day when the entire nation will start the campaign. Each township in the county will be asked to organize and conduct a campaign and the sale in this city will be in charge of the members of Psi Ilota Xi.

It will be carried out in similar manner to previous years. Advertising will be spread broadcast, letters enclosing one hundred stamps and an addressed envelope with the request that one dollar be returned will be sent out, the seals will be on sale in drug stores and during the few weeks before Christmas a stand will be stationed in the postoffice where the seals will be on sale.

The supply of seals has been received by Dr. W. S. Coleman, chairman of the Anti-Tuberculosis Society. They are more attractive than they have been for several years and vary in design from the past few years. On a background of white, a Christmas tree bears a shield on which there is a Red Cross.

As before, the seals will sell for

one cent each. The proceeds are divided as follows: seventy-five per cent is kept in the county and goes to the visiting nurse fund to be used in the prevention of Tuberculosis, fifteen per cent to the national headquarters to defray the expenses of the seals and ten per cent goes to the state headquarters to pay for advertising and other necessities.

Last year the sale of seals totaled $128.62 of which 75 per cent was kept in this county. Every effort is being made to surpass the record of last year, because of the increased need of the fund.

Concerning the sale of seals the Indiana Anti-Tuberculosis society has given out the following facts: More than 200,000 French soldiers have been sent back from the firing line because they were so ill with tuberculosis that they were no longer able to fight. Our men, Indiana men, too, will fall victims of this disease through the hardships of life in the trenches. They are offerng their lives for us, for every man, woman and child in your community. Will we do all that we can do to nurse them back to life and happiness when they come back home to us broken in health? Each community in Indiana surely is too proud, too big of heart, too deeply conscious of its obligation to its own flesh and blood to refuse adequate provision for its returned tuberculosis soldiers. Money from the sale of Red Cross Christmas Seals will open the way for this service.

If the seal campaign in your community this year is to be all that it should be, if it is to measure up to the magnificent opportunity for a wonderful service for humanity—to your own people—the selling organization for Red Cross Seals this year must include the very best men.

MILROY MAY GET CANNING FACTORY

Indianapolis Concern is Endeavoring to Contract For 125 Acres of Tomatoes Next Year

WILL THEN BUILD A PLANT

Old Enterprise Flour Mill Will be Turning Out 250 Barrels of Flour a Day Soon

Milroy will have a canning factory next year, judging from the interest that is being taken there in the enterprise which has been started by representatives of the Economy Canning company from Indianapolis. The company asks that the farmers around Milroy raise one hundred and twenty-five acres of tomatoes next season and sell the crop to the factory. If the proposition goes through, the first season will see the factory putting out tomatoes only but later canned corn and other articles will be added to the output.

The two representatives from the factory today canvassed the districts around Milroy and met with good success among the farmers. A new building will be put up especially adapted to the needs of a canning factory. This would no doubt be built early next year and the factory would start in operation early in the fall immediately after the fall crop of tomatoes was ripened. The new factory would bring several families and business men to Milroy and mean much to the progress of the town.

The flour mill, which was recently purchased by the Acme-Evans company of Indainapolis will be putting out 250 barrels of flour per day in a very short time. The entire plant is being overhauled and this has not be totally completed although several trials at running the mill have been made. The elevator is running now and wheat is being unloaded there every day. In about two or three days time, the entire plant will be in running order.

Jesse Anderson formerly of the Sandusky Farmer's Elevator will operate the plant. Mr. Anderson has had experience for a number of years in this work. His place in Sandusky will the taken by his brother. A head miller and two millwrights from Indianapolis and ten Milroy men will be employed in the plant. A number of Indianapolis men are in Milroy now helping overhaul the plant but the majority of permanent positions in the plant will be given to Milroy men. The re-establishment of the mill will bring business to Milroy, as can already be seen there.

PURDUE EXPERT SPEAKS AT ORANGE

Shows Value of Conservation of Canned Goods Both as to Canning and Use Of It

THE MEETING IS HELD TODAY

The Orange school is one of the three in Fayette county to be addressed by experts from Purdue university and Washington, D. C., in connection with conservation of canned foods and the organization of boys and girls farming clubs. The meeting was held at the Orange school this afternoon from one o'clock until two and the entire community was asked to take advantage of the opportunity to hear the speakers.

A woman sent out by the extension department of Purdue university will instruct the young people in the organization of farming clubs and aid in starting the clubs. This movement is going over the country to urge the young men and women to aid in the increased supply of farm products which is demanded at present. The expert sent by the government from Washington spoke and demonstrated the value of the conservaton of canned goods, both in the canning and the use of these foods. The Connersville schools were also to be visited by these speakers.

CIVIC EXPERTS MEET IN DETROIT

Detroit, Nov. 21.—Civic experts from every part of the United States were in Detroit today to attend the conventions of the National Municipal League and the City Managers Association, both of which opened their sessions here this morning.

Feeding of cities in war time will be the dominant topic throughout the Municipal League convention. G. W. Perkins, chairman of the New York Market commission, is to address the assembly on state organization for food supply. He will tell of the advisability of aligning women in the conservation movement. Marcus N. Marks, President of Manhattan, will talk on retail and wholesale markets.

A food administration representative will talk on "How Cities Can Effectively Assist in the Food Crisis.

City managers will particularly consider adaption of the city manager form of government to all cities. The budget making and training for public service are other topics which will receive attention.

OHIO MAN TO GET THE PRESIDENCY

LaPorte, Ind., Nov. 21.—The LaPorte county medical association today entertained leading physicians of Ohio, Indiana, and Michigan at the annual convention of the Tri-State medical association. The presidency of the association will go to an Ohio man and the next meeting will be held at a Michigan city.

Prof. Miles F. Porter today discussed the work which physicians are doing to help win the war, and outlined methods by which those still at home could do their part.

Among the other speakers were: C. E. Wagoner, Toledo; Ben P. Weave, Ft. Wayne; and W. E. Mosely, Toledo.

Amusements

The "Devil's Assistant," to be shown at the Gem this evening contains in it a plot of big moments and heart interest, a great preachment against the use of drugs.

The author, has clothed a tremendous idea in a story which offers Miss Fischer opportunity for some of the strongest dramatic playing of her career.

For the picturization of this story of two soul stranglers, who from jealousy at the inability to possess the ones they love, plot to steal honor from the woman, by secretly accustoming her to the use of drugs, and love and respect from her husband, Mr. Pollard has used settings unrivaled in their rare beauty.

"What was the secret of the first woman?" This all-important question is answered in "The Secret of Eve," which will be seen at the Princess this evening, with the gifted Mme Petrova as the star. Mme. Petrova has never been called upon to do a more difficult piece of work than in this production. First of all, she portrays Eve in the Garden of Eden. Then she is seen as Hagar, a gypsy woman, who leaves her baby daughter on the doorstep of "house-dwelling" people so that she may have a chance for happiness. Next the girl, Eve, is shown as a young woman, the foster-child of Quakers, who marries a millionaire, and as Eve Brandon goes to the city, still in pursuit of happiness. The final picture is of the noble minded woman who has found perfect joy in giving her life to service of little children. Tomorrow afternoon and evening, Anita Stewart will appear in "The Message of the Mouse."

FIGHT FOR YOUR LIFE

Duty Demands Robust Health

Fight to get it and keep it

Fight—fight day in and day out to prevent being overtaken by ills and ails. Keep wrinkles from marring the cheek and the body from losing its youthful appearance and buoyancy. Fight when ill-health is coming with its pallor and pains, defects and declining powers. Fight to stay its course and drive it off.

But fight intelligently. Don't fight without weapons that can win the day for without the intelligent use of effective weapons the pallor spreads and weakness grows and a seemingly strong man or woman ofttimes becomes a pray to ills after all.

You will not find this class of persons in the hypoferrin ranks. No unhealthy, dull, draggy, droopy persons in that line. It is a hale, hearty, robust aggregation of quick-steppers who view life in a joyous frame of mind and are mentally and physically equal to any emergency. Hypoferrin stands for sound body and sound mind—it is the invigorating tonic of the times—powerful and unsurpassed as a health restorer, vitalizer and health preserver. Fight to hold the vigor of a sound body with hypoferrin or to stay the process of decay and restore health and strength—you win. This tonic of amazing, wonder-working properties has been approved by physicians as a restorer and safeguard of health. It is a thoroughly scientific preparation of the very elements necessary to tone up the stomach and nerves, to build strong, vital tissue, make pure blood, firm flesh and solid, active, tireless muscles.

Hypoferrin contains these mighty strength-producing agents, lecithin-and-iron peptonate, in a form best adapted to benefit the body and its organs. Its ingredients are absolutely necessary to the blood. In nine cases out of ten a run-down condition, sallow, pale complexions that "all in" feeling and frail bodies are due to lack of lecithin-and-iron peptonate in the system.

Your mental and physical strength and endurance depends upon a lecithin-and-iron peptonate laden blood; steady, dependable nerves and a healthy stomach. With these you can meet life at any angle.

This wonder tonic, hypoferrin, which is as perfect as science can get to nature, meets every essential demand of the human organism. It is safe and sure and a boon to run-down, worn-out man and women. Hypoferrin means nature's own way of bringing color to the cheeks, strength to the body and keeping the vigor and buoyancy of youth. The powder and paint way of effecting beauty is not needed by hypoferrin women and girls. Their blood, filled with nature's beauty stores, creates conditions that give firmness and grace to the body and the glow of health to the cheeks.

No need of going through life sickly and always feeling miserable in this age of medical science. Join the hypoferrin ranks. It puts into you the springy snap and vigor you ought to have and puts life into your body and mind that inspires the confidence that you confront the world on an equal footing with anyone.

Hypoferrin may be had at your druggist's or direct from us for $1.00 per package. It is well worth the price. The Sentanal Remedies Co., Cincinnati, Ohio.

The Uses of Adversity

Nothing is truer than that continued and sustained prosperity will enervate and undermine the physical, mental and moral stamina of any people. The human animal is all too prone to over-indulge in the good things of life. Put a man on his mettle to wrest existence from a reluctant world, and in the effort every fibre of his being is necessarily developed to the uttermost, and he emerges an invincible specimen of the fighter.

So with nations. Given all that heart can wish, and left to revel unhindered in the indulgence of that plenty, the national fibre must inevitably deteriorate.

Any crisis that jars men out of their ease cannot fail to work good to that people. With no disposition to minimize the evils of the present conflict, yet we are bound to realize that the world is waking up to a view of life that it well-nigh lost. Life is a struggle, and when struggling ceases decay sets in.

When the smoke of the present conflict has cleared away and the world takes stock of results, we will be found to have learned many valuable lessons. One great loss is inevitable—that of heroic lives that must of necessity be sacrificed. This is deplorable. Yet these lives will have been given in the most glorious of causes—the renewing and vitalizing of the lift of the nations.

From the dawn of history to the present day, sybarites and sensualists have professed to deride and scoff at the scriptural virtues of renunciation and self-sacrifice. Yet the decree remains as unalternable today as when enunciated by the Man of Gallilee, that "whosoever loseth his life shall find it."

We of America have not yet touched the edge of real renunciation. We have given only of a superabundance. It is when the giving assumes the nature of sacrifice that the real good to the people will be realized. Shall we, then, pray that it come not to us?

We repeat, the sacrifice of life is deplorable, and we would it could be averted.

There is but one greater calamity that could befall us, that is that we should fail to measure up to the opportunity now knocking at our door.

The People Always Right

It has been the conviction of the greatest statesman of all ages and all countries that one could safely trust to decision of the majority of the people on any question that affected them. The public mind and conscience is nicely attuned to the public welfare and seldom goes astray. Given a free hand in the working out of their destiny, no people would ever come to grief. It is only when self-seeking and deceitful leaders becloud issues for their own selfish purposes that the people are seduced.

So much preliminary to the assertion that the American people—the great, sober, reasoning majority—are right today. Without fuss and feathers they have decreed a course of action that shall preserve the national weal and the national honor, and they are not likely to be lightly turned from that course.

"Vox populi, vox Dei," never had a more direct application than to the attitude of the American people in the present world crisis. Being then, the supreme power, the voice of the people should not only have, but exercise, supreme authority.

This we are failing to do. Our government is putting forth most herculean efforts to pilot the ship of state through the troubled waters, but they are hampered on every hand by those who, from a self interest that exceeds their loyalty, persist in throwing every obstruction possible in the way.

This should not be, must not be. The lives of the thousands of young men who have responded to their country's call must not be jeopardized by the Judas at home. It is time that the great loyal majority demand that the voice of the objector and obstructionist be silenced—if not one way, then another.

There is something crooked about a "conscience" that persists in arraying itself against the national conscience. Such a "conscience is the creature of many and varied influences, none of which make for the best interests of American life.

It is time the reactionary were silenced. The people have spoken, and their verdict should be final. The traitor to his country should feel that country's displeasure in no light degree.

When a man between the ages of 21 and 31 resists the draft, we proceed to handle him without gloves. When a man past 31 works his jaw overtime resisting not only the draft but every other measure of self preservation the government has enacted, we pass a resolution to "investigate" his loyalty. We don't like the word "coperhead" but it's the only word that fits, and everybody knows the date decreed for the serpent.

An exchange wants to know "why it takes a woman so long to put on the little she wears to evening functions." Why, she has to be very particular as to location. A mistake would be embarrassing.

Looking for a safe bank for your war-price savings, neighbor? What is the matter with Uncle Sam's great Liberty bank?

An exchange speaks of "most of the beef at the average man's table." That's a mistake. It ain't there.

If the price of gasoline keeps on mounting, it ought to put a damper on the automobile thieves.

Quit wondering when the war will end, and decide YOU are going to help start it.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 25c per box. All druggists.

XMAS. CHEER FOR CAMP TAYLOR MEN

Local Plans Are Being Formulated to Co-Operate With Louisville Newspaper in Sending Gifts

BANK PRESIDENTS TO HELP

Local Banker Replies to Courier-Journal, Promising to Co-Operate in Campaign

Plans are being worked out to conduct a campaign through the Daily Republican for Christmas cheer for Rush county selected men at Camp Taylor, Ky. The Louisville Courier-Journal to play the part of Santa Claus has been accepted by the commander of the camp.

Letters have been sent to all bank presidents and cashiers in the three states from which the selected men are drawn, asking their co-operation. Earl H. Payne, president of the Peoples Loan and Trust company and the Peoples National bank, has responded to the Courier-Journal as follows:

We have received your recent communication and have read the same with interest; and wish to assure you that your laudable interest in this worthy cause of "Christmas at Camp Zachary Taylor" should be and is appreciated by all the citizens of Illinois, Kentucky, Indiana, and throughout our Nation.

"We will be glad to co-operate locally in any way we can; and will be pleased to give whatever time required that we can to accomplish our share of the Christmas Cheer; for our Rush county has a goodly number of her Sons now at Camp Taylor and our hearts and good wishes are very near to them; in this noble and glorious undertaking that they have all assumed; to protect and defend our Nation in the Cause of Right and Humanity.

"We will all co-operate with The Rushville Daily Republican to accomplish the favorable results that we know can be attained.

"With best wishes for such a worthy cause, I remain."

"Very truly yours,
"E. H. P."

Mammoth Christmas trees will be erected in front of all regimental headquarters and all soldiers in the cantonment will assemble before their regimental trees on Christmas eve to celebrate their first Yuletide in the fighting force of Uncle Sam. Nothing is to be left undone to insure a merry Christmas for every fighter.

Already gifts from the "folks back home" have commenced to pour into the offices of the Courier-Journal. Contributions of money with which presents will be purchased for those not remembered with gifts by friends or relatives have also started to come in. There are hundreds of men at Camp Zachary Taylor who have no near relatives, while scores of others have officially reported as "next of kin" some citizen of a foreign country with which America is not at war.

—Mr. and Mrs. E. F. Benson of Delphi are visiting Mr. and Mrs. Will Nicholas of this city.

JOHN T. BARNES IS DEAD

Former Rushville Man Expires at Knightstown Tuesday Evening

Word has been received here of the death of John T. Barnes, who died at his home in Knightstown last night. He was about 75 years old and his death was due to leakage of the heart. Mr. Barnes formerly lived in this city and is well known here. The funeral services will be held at his residence in Knightstown, Friday morning at 10:00 o'clock. Representatives of the K. of P. lodge of this city will attend. The Masons at Knightstown will have charge of the funeral. He was a member of the Commandry. He is survived by the widow, one sister Mrs. J. P. Smelser of this county and a brother, Joseph Barnes of near Dunreith.

ATTENTION!
Farmers and Feeders

The RUSH CO. MILL is running day and night for the Government. Feed is stocking up on us and we will make special prices to Feeders in ton lots and up. We have the best Mill Feeds on the market and feeders had better take advantage of this opportunity and lay in a good supply, as it will be impossible to buy Mill Feeds next spring.

We are in the market for Old White Corn at a fancy price. Will also be in the market for all the New White Corn in Rush County at a premium.

We also want to buy your Baled Hay and Straw.

We are still paying $2.08 for No. 2 Wheat.

The story of a gigantic plot to wreck the finances of America which was frustrated by a young girl, assisted by the innocent actions of a mouse.

A picture that will hold your attention from the very start.

NO ADVANCE IN PRICE!

Society

Mrs. Bonner and Miss Mary Rankin of Greensburg were the guests of honor at the meeting of the Missionary society of the First Presbyterian church which was held with Mrs. R. H. Jones yesterday afternoon, at her home in North Perkins street. Mrs. Bonner read interesting letters from friends on Corea and Japan. Miss Rankin, secretarial president gave an instructive talk concerning the work among the foreigners at Gary.

* * *

Mrs. Homer Powell assisted by Mrs. Lafarra and Mrs. Warren Elder entertained about sixty members of the Ladies Aid society of the Methodist church and five guests yesterday. A short business session was held during the first part of the afternoon and then a social period ensued. The hostesses served dainty refreshments. Mrs. Laura Gordon will entertain the society in two weeks.

* * *

Mr. and Mrs. Will Amos entertained a few relatives for supper last evening at their home northeast of this city, the occasion being the fourth birthday of their little daughter, Anna Louise. A birthday cake, lighted with four candles centered the table. Mr. and Mrs. Willard Amos and daughter Miss Mary were among the guests.

* * *

All of the members of B. N. club and one guest, Miss Vira West of Gwynneville were entertained by Miss Effie Young at her home in East Third street. A color scheme of pink and white was carride out in the decorations of the table, where the dainty refreshment were served. The next meeting will be held in two weeks.

* * *

Mr. and Mrs. Bert Chew entertained at dinner Sunday at their home in Glenwood, Mr. and Mrs. Charles Stamm and family and Mrs. Anna Smith of Richmond, honoring the birthday of Mrs. Chew. Mr. and Mrs. W. C. Howlin and family and Miss Zena Plough were guests in the afternoon.

* * *

Mr. and Mrs. William Bosley entertained the members of their Rook club last evening at their home in Milroy. Nineteen members were present. The hostess serve elegant refreshments and Mrs. Rush Tompkins will be hostess to the club in two weeks.

* * *

Mrs. Albert Fleehart will entertain the members of the Friday Afternoon Embroidery club, at her home in West Fifth street, Friday.

* * *

In a bower of American flags and the flags of the Allies, the forty-eight guests of Mrs. Carl Beher and Mrs. Charles Frazee played bridge this afternoon at the home of Mrs. Beher in North Main street. The patriotic emblems carried the spirit of the time into the pleasure of the occasion, for flags hung from the chandeliers and mantles, over the windows, and wall pockets, in which were white chrysanthemums and red carnations, were tied with dark blue bows. Red candles in crystal holders lit the small tables when the guests were served with the elegant one course luncheon. In this part of the affair, flags were again in evidence, being stuck on the glasses, and given as favors. Among the guests who were welcomed beneath an immense American flag draped over the doorway, were Mrs. Sarah Henley and daughter, Mrs. June Kettenring of Chicago, Mrs. Hal Kitchen, Mrs. Fred Thomas, Mrs. Clyde Meek and Mrs. Ed Batterton who motored here from Greensburg.

* * *

Simple but beautiful was the wedding of Miss Helen Hale and Roy N. Small, son of Mr. and Mrs. Zack T. Small of Carthage, which was solemnized at the home of the bride's mother, Mrs. Alice Hale in Carthage at 4:30 o'clock this afternoon. The room in which the ceremony was performed was made fragrant by large bunches of pink and white chrysanthemums which suggested the color scheme for the entire affair.

Immediately preceding the ceremony, Miss Adamson of Indianapolis, who has a lovely soprano voice, sang, "Because," after which Miss Mary Basler played the wedding march. The bridal couple was accompanied by Mr. and Mrs. Frederick Dotleiz Jr., of Morristown. The bride looked lovely in a gown of dark blue crepe de chine which was set off by her immense boquet of pink sweet peas. The matron of honor also wore dark blue. The ceremony was read by the Rev. Daniel Ryan. In the service of the two course supper which followed the informal reception, the same color scheme of pink and white was emphasized in the ices and confections.

Among the twenty-five guests who were present for the ceremony were S. W. Hale of Geneva, grandfather of the bride, Miss Mary Jane Hale, sister of the bride, Mr. and Mrs. Will Addison and daughter of Indianapolis, Mr. and Mrs. Fred Dotleiz Sr., and daughter, Louise of Morristown.

Mr. Small and his bride will make their home on a farm near Carthage. Until recently, Mrs. Small has been taking nurse's training in an Indianapolis hospital. For several years, Mrs. Hale and her daughter made their home in this city where they are well known.

* * *

The Rebekah degree staff will meet in the I. O. O. F. Hall Thursday evening for practice. A good attendance is desired.

Social Calendar

Thursday

Auction Bridge club with Mrs. Wilbur Stiers, 732 North Perkins street, in the afternoon.

Red Cross Notes

The executive committee of Red Cross will meet at the headquarters this evening at 7:30 o'clock when matters of business importance will be decided on.

The ladies of the Christian church are sewing at the headquarters today. Practically all of the members of the Coterie were sewing and in the surgical dressing class on Monday. The Presbyterian ladies sew tomorrow and the Catholic ladies on Friday. Other women are urged to sew on any and all of these days.

THIS TOWNSHIP IS OVER

Sum of $2,729.90 is Contributed in Rushville For Y. M. C. A.

The sum of $2,729.90 has been turned in for the Y. M. C. A. fund from Rushville township with several small amounts still out that will add to the fund. B. L. Trabue chairman of the township, stated today that be believed the fund in this city would climb over the three thousand dollar mark. The township allotment was $2,400. Reports received from the townships over the county indicate that the county's pledge would come up to eighty-five hundred dollars when the reports are completed.

ITALIANS HOLDING FIRM

Are Bearing Full Burden of Invasion and Inflicting Losses

(By United Press.)

Rome, Nov. 21.—Italian troops are bearing the full burden of the Teutonic assault. They are holding firm and inflicting terrible casualties on the enemy. The public support of the war is as it never was before. The enemy won his first blow by treachery in the army and in the civilian population. The Germans played for a revolution in Italy like that she aided in Russia.

WANT ADS BRING RESULTS

GARBAGE CAN IS EXPELLED FROM USE

Housewives Are So Careful to Conserve That the Profit From Wasted Fats is Destroyed

FIFTY-NINE CITIES REPORT

The Garbage in the Summer Consists of Vegetable Waste Which Are Used More Than Ever

(By United Press.)

Indianapolis, Nov. 21.—Indiana Food Administrator W. E. Barnard today made a report showing that "the full garbage pail," is becoming a thing of the past. His statement giving statistics from all parts of the country, follows:

"From all over the country comes tales of the troubles of the garbage men. The Food Conservation work has destroyed all hopes of large profits from the sale of wasted fats to soap makers and munition plants. We are not wasting fats any more. Even trimming stock and bones which used to go into the garbage pail now finds good use in making soups. The dripping in the roasting pan and the grease skimmed off the boiling piece are all saved, and everyone is satisfied except the man who once made money out of our wastefulness.

"The Food Administration has checked up the practical results of its crusade against the garbage bucket. Fifty-nine cities with an aggregate population of more than twenty-one million have just made their reports. Only 12 of the 59 cities show any increase over the tonnage of waste collected a year ago. San Diego, California shows the greatest increase in saving. The total collections for the month was but 43% of this a year ago. Ten other cities show a decrease of 25% or more. These are Wheeling, Portland, Charlestown, Grand Rapids, Columbus, Lincoln, Savannah, Brockton, Davenport and Mobile. These 59 cities reported a total of 193,357 tons of garbage collected in July 1917 compared to 217,816 tons collected in July, 1916.

"In analyzing these figures it should be remembered that the bulk of garbage during the summer is vegetable waste such as corn husks and cobs and melon rinds. We have used more of these foods than ever before. And in view of this fact the showing is the more to be applauded."

Joseph P. Wood is Transferred to Georgia

Camp Wheeler, Ga., Nov. 16.—Since I wrote you last, I have been sent to another camp, am now located at Camp Wheeler, Ga., about seven miles from Macon and one hundred miles from Atlanta. Is quite a lot warmer here than it was at our former camp at Robinson, Wis. Had about four inches of snow before we left there. We left Wisconsin last Thursday and arrived here the following Sunday. Had a nice trip down through Indiana, Illinois, Kentucky and Tennessee. Our train was equipped with dining car, Pullman sleepers, stock cars, flat cars for guns, box cars for equipment, twenty-three cars in all. We are having nice warm weather here, the nights are a little chilly.

Diet, Exercise or Death!

An eminent medical authority writes that most of our city folks die of a thickening of the arteries or of kidney disease. The kidneys become clogged and do not filter the poisons from the blood, and one trouble follows another, high blood pressure damages the heart, arteries and kidneys. Usually its danger signals are backache, pain here or there, swollen feet or ankles, rheumatic twinges or spots appearing before the eyes.

"The very best remedy is this: Eat meat but once a day or not at all. Plenty of outdoor exercise, and drink pure water frequently. Before meals take a little Anuric, the great uric acid neutralizer that is easily obtained at the drug store. When you have dizziness, chills or sweating, worry, or dragging pains in back, try this wonderful enemy to uric acid, which Dr. Pierce of Buffalo, N. Y., discovered and named Anuric. Anuric, more potent than lithia, dissolves uric acid as hot water does sugar."

YOUNG GIRLS JUST COMING INTO WOMANHOOD.

Bunker Hill, Ind.—"My mother gave me Dr. Pierce's Favorite Prescription when I was a young girl developing. I think it laid the foundation for my present healthy womanhood and I would never hesitate to recommend it to young girls at this very critical stage of life."—Miss Dossie Webb.

Jeffersonville, Ind.—"I have been troubled with woman's trouble for two years and after taking Dr. Pierce's Favorite Prescription I felt much better. I gladly recommend this medicine. I have told many of my friends about it and what it did for me."—Mrs. Lydia Summerville, Route 1.

property owners affected how they should proceed.

The council had under discussion the claim of Frank Mauzy of Markleville for refund on a water meter. He claims the money is due him but the city has already refunded the water meter deposit for the property to the man who purchased it from Mr. Mauzy. The Markleville man asserts he made the deposit for the meter and that the man buying the property was not entitled to it. The purchaser, however, made affidavit that he made the deposit and it was therefore refunded to him.

The council agreed to furnish river water to the Big Four railroad for 75 cents a thousand cubic feet and if the price is satisfactory to the railroad, an ordinance covering the contract will be passed at the next meeting.

The employment of a city fireman to succeed Joe Williamson, who resigned last week, has been referred to the fire committee of the council with power to act.

MRS. MARTHA BEAVER DEAD

Orange Woman Expires of Dropsy Today at 9:30 O'clock

Mrs. Martha Beaver died at her home in Orange this morning at 9:30 o'clock, her death resulting from a prolonged illness from dropsy. The illness had extended over a year although she had been in a serious condition for about a week. Mrs. Beaver was a member of the Christian church in Orange. She is survived by six children, Mrs. Walter Barnes of New Salem, Mrs. Daisy Arthur of Indianapolis, Edis Beaver, Will Beaver, Orvil Beaver and Mrs. Martha Sweet, all of Fayette county. The funeral arrangements have not yet been made.

Supt. Mahin was instructed to order fifty water meters and get a reduction of twenty per cent which is offered for an order of that number. It is estimated fifty meters will last about six months.

Claims to pay the expenses of the election two weeks ago were allowed, amounting to $294.60. A few claims were not filed for last night's meeting.

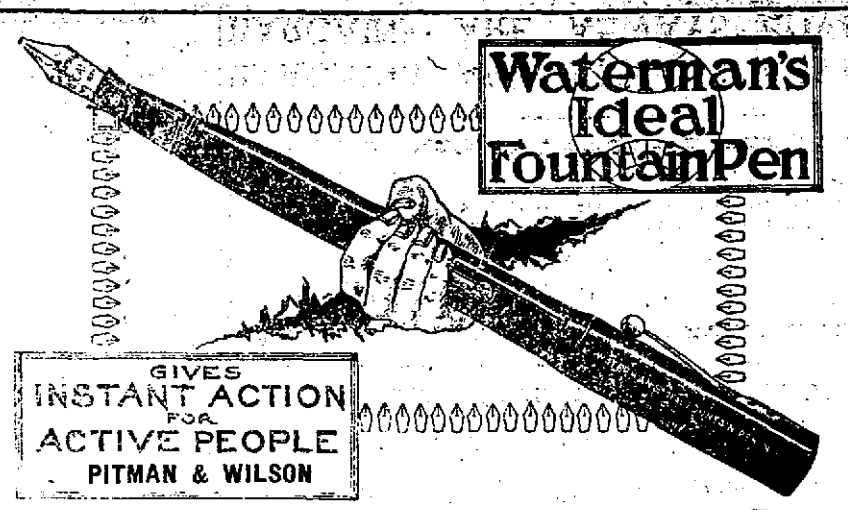

Through a misunderstanding it was stated after the last council meeting that there was a defective wheel on the new chemical truck. This proved to be wrong as the truck referred to was the combination, hose, hook and ladder wagon. Fire Chief Easley sent the two rear wheels of the wagon to Indianapolis today and went himself to see about their repair. He investigated and found that he could not get a guaranteed job here.

and women in your community. Bankers, merchants, farmers, professional men, club women, must be brought to see the necessity for big sales.

Mrs. C. D. Robinson of Orange is seriously ill at her home.

LIKELY SAILED FOR FRANCE

Word Received Indicates That Harvey Allen is on the Way.

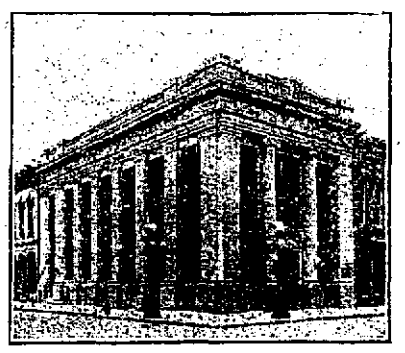

Word which has been received here indicates that Harvey Allen, mer local postoffice clerk, sailed for France Saturday or Sunday to act as a mail clerk in handling the mail of the United States expeditionary forces. A card has been received from Assistant Postmaster Tracy of Gary, Ind., who is in charge of the group of clerks to which Mr. Allen is attached. The card had the significant word "Good-bye" on it, and makes it apparent the clerks have left.

SCHOOL PRINCIPAL HELD

R. H. Kenady, Formerly of Clarksburg, Indicted at Greensburg

Roy H. Kenady, former principal of the Clarksburg schools, has entered a plea of not guilty to a charge of assault and battery and criminal intent in the Decatur circuit court. He has furnished bond for $2,000 for his appearance. Mr. Kenady went to Greensburg yesterday, where he was formerly connected with the schools, to arrange for bond. He was arrested in Indianapolis on a grand jury indictment. Two girls who were his pupils are named in the alleged assaults.

Many Calls are being made in these Days for all of our Citizens to render Special Service to Our Country.

Every effort is being made to bring our immense National Resources to bear upon the one object of Winning the War.

Our Earnings and Resources should be conserved, not only with the thought of Savings for our own use, but also to be prepared to meet the Calls that our Government must make from time to time.

PREPARE NOW—There is no better method of keeping record of your business than by using a Checking Account.

There is no better Plan of Saving Part of your income than by using a SAVINGS ACCOUNT.

WE INVITE YOUR BUSINESS

THE PEOPLES NATIONAL BANK
"The Bank for Everybody."

THE PEOPLES LOAN & TRUST CO.
"The Home for Savings"
RUSHVILLE, INDIANA

The administration says — 1. Eat less candy; drink fewer sweet drinks. 2. Omit frosting from your cakes. Eat Only Three Ounces Instead of Four Ounces a Day, and Our Allies Will Have Sugar.

Kidney & Bladder Pills

(SPECIAL)

We want every man and woman who is suffering from Kidney and Bladder trouble to try A. D. S. Kidney Pills (Special).

This preparation gives more relief and satisfaction to Kidney and Bladder sufferers than any other that we know of.

It has helped hundreds where everything else has failed. We have such faith in the ability of THIS preparation to help Kidney and Bladder sufferers that we especially invite those who have been unable to obtain satisfactory benefits from other kidney preparations to make a test of our special preparation.

The comfort you will get from it we feel confident will make it worth your while.

Days Pickings

A marriage license was issued yesterday to Miss June Lines, daughter of Mr. and Mrs. LeRoy Lines, and Claude M. Spillman, assistant postmaster at Milroy.

A marriage license was issued yesterday evening to Miss Helen Hale of Carthage, formerly of this city, and Roy N. Small, son of Mr. and Mrs. Zack T. Small of near Carthage.

Daniel O'Keefe and Elzo Hall filed a complaint in replevin in the circuit court today against Rolla Zorne and Fred Dagler, seeking the return of some live stock and $20 damages.

Frank McCorkle of Milroy narrowly escaped having bloodpoisoning in his left hand after running a splinter in one of his fingers. The finger has been lanced three times and is improving now.

An exchange will be given on Saturday morning in the room south of Kennard's Jewelry store by the Epworth League of St. Paul's M. E. church. Anyone wishing to donate may call Helen Scudder.

Philander Witters of Milroy has filed a petition in the circuit court asking that Perry Innis be removed as his guardian. Mr. Witters was recently discharged from the Southeastern Indiana hospital at Madison as cured.

The members of the Big Flatrock Christian church have sent a Christmas box to William Weidner, who is in the trenches in France. Mr. Weidner is a member of the church and when in the community was an active worker.

Revival services will begin at Franklin M. E. church, on the Arlington circuit, next Wednesday 7:30 p. m. Wednesday and Thursday evenings the pastor will speak on, "Clay in the Potter's Hand," using pieces of stoneware pottery to illustrate the lessons on the different phases of Christian experience. These illustrated discourses, as given in other places, have pleased hundreds of people. Everybody invited, and welcomed to take part in all these meetings. The Rev. F. M. Westhafer is the pastor.

Real Savings to Our Customers

does not consist in selling them an occasional article at cost. There is a necessary expense attached to the selling of merchandise and if one article is sold at or below cost some other article must bear more than its just part of the expense to make up for it.

In our store every article must pay its part of the expense. Our goods are priced on a safe and sane basis, and we know that we are saving our customers money everyday.
